| From the Chair:  |        |
| <b>AP:</b> Overall the season was very busy, some things needed improvement        |        |
| others were successful. Some of the season Key highlights:                         |        |
| • Female Trainer and In-house Trainer meeting at Trainers Co-                      |        |
| ordination to connect and network with trainers across the                         |        |
| resorts to provide a space for feedback and ideas for the APSI                     |        |
| was successful- FOR 2023; Email ski school directors to                            |        |
| forward onto any women in the industry that could benefit                          |        |
| from the interaction.  |        |
| • Women's Clinics: Implemented, some interest shown, however                       |        |
| wasn't executed as some confusion around the Ski and SB                            |        |
| Women's clinic, there was some time taken to be available on                       |        |
| the calendar. Approval for the SB session also had some delays.                    |        |
| For next year: AWS will look for approval's preseason, better                      |        |
| marketing, and lock in a Trainer at the start of the season for                    |        |
| each session to be able to promote on socials.                                     |        |
| • Manual Rewrite- still on track for 50% representation. Manual                    |        |
| re write pushed back until 2023 or until GM advises.                               |        |
